FOR IMMEDIATE RELEASE

Local Firm Showcasing Latest Technology in Free Half-Day Session

May 14, 2007 -- CAM Corp., a Detroit-area technology company specializing in business solutions such as imaging, data backup and storage, is hosting its IT Solutions 2007 half-day showcase on Thursday, June 21 from 8:30 a.m. to 1 p.m. at the Wyndham Garden Hotel in Novi.

The free showcase, which includes presentations by leading suppliers such as Xerox, NetApp, Barracuda, Siafu Software, PowerFile and others, is designed to bring practical solutions to a growing list of CAM Corp. customers. Presentations will include: Saving up to 15 to 25 percent off a company's document budget, and how to protect a company's digital information.

"Companies throughout the region are looking for innovative ways to grow their business while managing their costs," said Dave Brownlee Sr., president of CAM Corp. "This is a tremendously efficient way for our clients and other interested businesses to tap into the expertise of some of the best companies around and put that expertise to work for them."

Brownlee said the half-day format was designed to deliver maximum efficiency in a limited amount of time.

"The feedback we've received in the past indicates this is a much-preferred way of presenting the solutions a modern business needs to have to become even more successful."

Interested business owners and managers are invited to attend. Seating is limited and pre-registration is required. Admission is free and includes a complimentary breakfast and lunch. Several sponsors have contributed prizes, which will be drawn at the close of the showcase. Registration begins at 8:30 a.m. and the first session begins at 9 a.m.

Registrations may be made by calling (810) 231-2883 or via e-mail: carrie@camcorpUSA.com. Early registrants (by May 31, 2007) will be entered into a special prize drawing.
